If there policy which we have abandoned at the ports, but with this easeastal difference; first, that incomen people have already suffered; and, the country that section of the control of the con use force to the Contral Government, we come characters being only arbitrary, signs must, article (one of a series) on the last "Quarterly but by disturbing the peace und keeping up a face to face with war, as when matters have when expressed in Roman letters, be written Beturned issued by the Registrar General, constant irritation they become mulances proceed to extreme measures. This a policy | possessing no significance. of referring to Pekin becomes practically the alternation of wars, with intervals during which from the very nature of our policy we are drifting to another war. We obtain

surely better for the Chinese, as well as for Mr. Brent bond fide,

foreigners, that they should be prevented from committing acts which must at last bring down upon them the signal retribution of the fereign nations whom, whatever protostations they may make to the contrary, we now know beyond a doubt they will insult and outrage, except they be restrained from quences. The idea that matters will be referred to Pokin will not have any effect upon authorities at the capital will use their utmost endeavours to avoid inflicting any serious

It is in its bearing upon this point that the soundness of the view enunciated by a false idea of the state of affairs in this the Times has given its opinion in favour of the continuance of the policy recently adopted effect of preventing the Government from being so ill-advised as to continue to withbe recollected that the Times spoke favourably of Sir R. ALCOCK's Convention, until boards that the present representations will be as

There is one further error made with regard to the adoption of a firm policy here taken one out this month. which it is desirable to clear up. It is ficient to show that it tends in the opposite direction; and is precisely the policy best time, Fixed 25-center, calculated to prevent the necessity of political intervention, masmuch as it will keep the Chinese from committing such serious outrages as will give to any individual nation, inclined to encroach, valid grounds for so doing. Whether the Chinese Empire can be held together permanently or not, it is quite certain that its integrity is likely to be preserved the longer, the less the likelihood of serious collisions with any foreign nation; and hence the views of those most in favour of giving the longest possible grace to China for advancement and reform, willbe furthered by the adoption of a sufficiently firm policy to induce the Chinese to yield to reasonable requests, and to cause them to be afraid of incurring the enmity of foreigners. By such a course, we shall be able beat to keep the peace in the long run; more heard of any outrages whatever.

It is untisfactory to notice that the injustice kong is attracting some little attention at reprinted from the Standard upon this matter, was found drunk outside a house which kong will he able to " seream loud enough to. make itself heard in the House of Commons."

of the various documents published in the Tientain Massacre, has just been issued by Mr. passage. It was the only jar on bourd. He A. H de Carvalho, of Shanghai. It is prefued also admitted that he was in possession of an by some valuable introductory remarks, which oppossum rug belonging to another passenger. place in a clear light the chief canses which He said it was on his bed on b ard. This turn led to the deplorable occurrence. The volume ing out to be true on enquiry his Worship will form a convenient record of a large portion or leved the defendant to gaul for two months

It is to be bound that the practical suggestion Nothing could be more desimble than that masters of the language, and there is no doubt that a great stimulus to exertion would be supplied if there were some means provided by in this paper some time ago with respect to some recognised Board attached say to the Imperial Customs' service, where they could be force to the local dialect in Hongtong, where we are sadly in mant of efficient interpreters.

The Globe has the following :- It is not often that a man is found who does not know his own name, and it is therefore the more notable that the present French Minister himself the Comte de Pulikao, but that is not hin title it is the Comte de Pulikiae. This difference may at first sight appear insignifi the needs of a successful engagement against an occurrence which has impressed me very public of Oceanion, is perhaps, the least tangle responsibility from which the boldest man in episte on our rations, which have never ditherto destined to solve there was an army name arrived at such a pass that the highest as they are pronounced, or else they lose their value altogether. The omission of the i in kine I should lay in a small elock of local politica, the small Roman and German States indicates authorities in China deliberately refuse to immedorate a disayllable futo a monosyllable, and with this object I obtained access, by my what it in store for the rest. Extracts.

bave spoken incidentally, of the Rest which comes from knowing or suffering the worst the quiet that follows an explosion. It is like the stillness now succeeding the thun-derstorm, amidst which some of these lines have been written in the early morning Almost every one, in some shape or other, has experienced, after a long period of painful doubt and suspense and auxiety—of those fours which cling to you in the day, which haunts your sleep, and oppress you with deadly sickness at the "shuddering dawn"—the infinite relief of other Medicines had failed, and which had been was not so bad he the tear of bankruptoy. I bank and strengthened as to prevent a return.

BAD BREATH cannot exist when the stomach. had shrink and shrivelled into an extrame state is cleaned by of tenuity, who had grown pale and wrinkled and careworn, hollow-ayed and haggardmouthed, under the pressure of their diff. culties, make their appearance, after a little space in the Fleet Prison or some kindred institution, quite sleek and rosy and brightfaced, jounty and debonnaire in their manuer. ten years younger every way, as though the the deprived bilions secretions that float in the worst had some upon them and there was stomach and destroy the bealthy, natural cranothing now to lie feared. Of course, this indicates a centain obtuseness of conscience and lency, and all Dorangements of the Digestive want of sympathy with others, in favour of and Excretory Organa, are promptly relieved which I have nothing to say. I am only speak- and cured by them. The public should always ing of the Best that ensure from it having bear in mind that Bristol's are the only Pills come upon us. I can easily simagine, too, that an offender against the laws of God and man. enderwouring to escape from the pursuing hand of Justice, might feel infinite relief when the hand has been laid on him and be can no longer the only vogetable substances yet discovered evade its grasp. I think that wretched Fulk that are really land—rare product of the genins of William Godwin-that typical man, vain fugitive from a remoted and untiring Nomesia, must have to the presence of which invaluable reminded and. 'Even death itself has less terror than the in a great measure be ascribed. It is necessary, perpetual uplooking at the Damoclean sword however, that the alck should always remember impending above one's head. It is related it that in all diseases that have their origin in the contemporary annals of the great Indian Rebel- blood, lion that, on more than one occasion, there was a sense of infinite velief after the storm had burst, and that, although the mutinous Sopoys were everywhere surging around our Chrispeople, there was less misery in in the vague apprehension of the impending saying that great roller, and, in most cases, a "and solacing, amidst the cures and districtions. the casseless goings to and fro of active life, in the thought of some day being able to lay down

stately ruins. Shall we cling thus to a mere mockery and make belief of work - sorry "drivellers and shows"-with dim ever and polaied hands and vagrant memories? Let us becomes at once indisputable and self-evident take our pension thankfully in good time; let It was first introduced in the year 1832, and, us be contout to be superannuited; let us go from that date until the present time, its prothet we aught to be kicked into it. At the showing an increase in the demand on the proclose of life we ought to be left to our repose- ceding one, until to day it is acknowledged to to have time to take account of sternity - be the Cornhill Mogazine Our Poor Belations Oan anyone fanor what this world would be like if inhabited by no other animal but man?—the earth without its tour footed and its creeping things, the sea and the river vacant of their euy, silvery gleams and far-darting shadows, the air patients in all separations, ulcerons, and cruptive wild of the choral but of insects and the source discusses. Brist L's Sausaparitia should not word of the choral bu of insects and the sours of birds? What a dismal hash is creation! What glory lost to the grass with the spotted it is lady birds, the mail clad beetles, and the slender grasshoppers ! What splendor gone from the flower with the branged and firetipt bee that from all others. It contains no minerals, and fed on its boart, and the painted butterfly that can be used freely, with perfect safety, in all kinds hovered about its petals | How dull had been of weather, rainy or dry. It does not require Eden for Adam with nothing breathing but Eve, the addition of iodide of potassium, nor any and all the rest of creation inanimate—no voice other article, to make it effective. It is strong but that of the wind or the thunder-no motion | enough for the robust man, and is safe for the

of the clouds, the waving of the trees! The

earth would have been allent so a picture; the

thought who have a vague presentment that if the harness cause to bruce them up any

longer, they will fall down by the wayside and

I think it is a miserable mistake. Every

Whether in autumn of life we are

that more would have some bt, since there could have been meither hunters nor fishers, herdamen In far other measure had the mift of life been poured forth upon the earth. All the generaions of all tribes of men are but a handful to the myriada of creatures which to-day, tomorrow, and every day, baunt land, air and water, till inanimate nature teems with the sentient vitality that lends it all its interests and all its significance. A leaf holds a family, and take no other. It is the cheapest, the a cloud a community, and there is material for the apeculations of a lifetime in the tenants of the neighboring meadow, and the brook that waters it. The unclouded beavens would be oppressive in their vastness and loneliness but rook, the raven, or rarer beion that THE LANGUAGE OF FLOWERS. flap their untiring way onwards till they melt again into the bine depths out of which they graw upon the night. The bure white for those frequent travellers high in air, the cliffs are no longer barren with their dangerous population of choogh and kittiwake and daw are abroad in the sunshine; and the black storm cloud, coming up on the black behind its the sergull. May, in some countries, where calm and sunahine are more permanent conthat the regions of air are not only a highway but a hime. Sir Samuel Baker observes that when an animal is slain in the Nubian wildorness, within a few seconds a succession of birds. hitherto invisible, descend on the prey, and always in the same order. First, the black and white grow arrives, then the buzzard, then the small volture, then the large volture, heatly the marabout stork. "I believe," says Sir Samuel, "that every apecienkeeps to it sown particular elevetion, and that the atmosphere contains of Persian or Arabian fantasy, to bear that fumes; and, with the single exception of manaion, " imphipable to feeling as to eight, with its basement; its first and second floors, its attion and its turrets; or (to vary the image) that the social system of the atmosphere comprises its lower orders, its middle classes, and its upper ten thousand.

It is a pleasant, if somewhat extravagant. fancy, to figure to one a self man dwelling amid selves fade quickly away, and their exquisite his follow tenants of the earth in completest breath is soon turned to the notious gases of barmony, the friend and companion of some. the protector of others, the harmer of none, the perfume is seized upon at the moment when intelligent observer of all. Who shall say what most fragrant, and preserved for all time new unforce on relations might not have been unchangeable, as an accessory to the tollet. established between us and our humble friends on this basis of confidence and affection? Who shall say that they might not have revealed to us that secret which they have guarded since the greation - the secret of their instincts and their | Stands quite unrivalled, not only for its fragrant ways; what their notions are of the world of each other, and of man; and how far they look properties, a feature not possessed by any other before and after? It was one of Hauthorne's prettiest: wild fancies, that Donntello, the descendant of the old Fanna, and the partial inheritor of their sylvan nature still-held. The fatigued and overtaxed mental or physical kindship with the untamed oreatures of the powers, is probably the distinctive feature of woods, and could draw them into communion this great perfume, marking it as an absolute with him by the peculiar charm of his voice, necessity for Ladies who wish to retain unim-Every one who has domesticated some strange paired the boasty of their completion with the shy creature can testify to the wealth of the power and freshuess of their conversation. racter which it came to display in the ripening warmth of intimacy; and several naturalists (by which term we are far from intending to signify the dissector of frogs, the scientific experimenters on the nerves and muscles of dogs, or the impolers of beetles and butterflies) have recorded their pleasant experiences of
